Withdrawals must be received by 12 noon on Monday.

CHAMPIONSHIP RACE CONDITIONS

1. For Both Pacing and Trotting events, the maximum handicap marks will be as under:—

1½ miles	36 yds. behind
1¾ miles	36 yds. behind
2 miles	48 yds. behind

2. The Grand Final of one mile and five furlongs will have a maximum handicap of 48 yards.

3. After handicaps have been declared for the Championship events, any horse so handicapped subsequently winning a race at any other meeting in Australia or New Zealand may be re-handicapped for the Championship events. In no case other than above stated will a horse's mark be altered after the declaration of handicaps, errors and omissions excepted.

4. Once a horse is handicapped for the Championships no penalty will be incurred in the Grand Final as a result of any placed performance in a Qualifying Race.

5. Qualifying points for the Championship Grand Final and the Grand Final for Trotters (N.Z. Hambletonian Handicap) will be awarded to the placed horses in each heat as follows:—

First Horse	4 points
Second Horse	2 points
Third Horse	1 point

Two points will be awarded to the horse placed first, second, third or fourth running the fastest time in each heat.

6. In the event of a dead heat the points for the place or places filled by the dead-heating horses will be divided equally between or among them. In the event of two or more placed horses returning the fastest time the points for fastest time will be divided equally between or among them.

7. The twelve horses which gain the greatest aggregate of points, shall be eligible to start in the Grand Final, subject, however, to the Championship Programme Committee having power to increase the number of starters above the number of 12, and to select the additional starters. Where two or more horses gain the same number of points, the Championship Programme Committee shall decide which will start in the final.

8. The Championship Programme Committee shall be the sole judge of which horses are entitled to start in either the Championship Grand Final or Consolation Race for Pacers or the Grand Final for Trotters (N.Z. Hambletonian Handicap).

9. To be eligible to start in the Grand Final of either the Pacing or Trotting Championship, horses must start in two Qualifying Races (or heats), unless special permission is given by the Championship Programme Committee to withdraw a horse from a Qualifying Race (or heat).

10. The horse winning the Grand Final for Pacers will be declared to be the Inter-Dominion Champion Pacer, and the horse winning the Grand Final for Trotters (N.Z. Hambletonian Handicap) will be declared to be the Inter-Dominion Champion Trotter.

REGULATIONS GOVERNING THE COMPUTATION OF DIVIDENDS

1. Any Totalisator Club may operate in accordance with any system authorised by these Regulations, not more than two separate pools on different Totalisators, or parts of a Totalisator, in respect of any race for which the Totalisator may be lawfully opened.
2. If the number allotted on the Totalisator shall be four or less the dividend shall be paid on the first horse only.
3. Any such Club may, in respect of any race in which the numbers allotted on the Totalisator shall exceed four, operate two pools in which case it shall pay on one of such pools a dividend on the first horse only and on the other pool (hereinafter referred to as "the place pool") dividends computed in accordance with Regulation 4 hereof.
4. In respect of the Place Pool the following provisions shall apply: (a) The amount available for payment of dividends on the Place Pool shall be divided into as many equal parts as there are horses placed in the dividend bearing places and each such part shall be divided among the investors on one of such horses, notwithstanding that by reason of any dead heat or dead heats, the number of such horses shall exceed the number of dividend bearing places; (b) For the purposes of this regulation horses included in the same bracket and filling dividend bearing places, shall be reckoned separately and the sum to be divided among the investors on such bracket shall be the sum of the several amounts allotted to each of such horses; (c) In computing dividends no account shall be taken of any horse on which no tickets shall have been taken and in such case the pool shall be divided into as many equal parts as there are horses, on which tickets have been taken, in dividend bearing places. Provided that where the dividend bearing places are first and second only, and by reason of the operation of this condition there is left in those places not more than one horse in respect of which a dividend can be computed a horse or dead-heating horses placed third shall be deemed to be in a dividend bearing place, save that nothing in this proviso shall operate to allot for division between such dead-heating horses any greater share of the pool than the amount that would be allotted to one horse running third; (d) The dividend bearing places shall be (i) Where there are five, six or seven numbers allotted on the Totalisator, first and second places. (ii) Where there are eight or more numbers allotted on the Totalisator, first, second and third places. (iii) Where in respect of a race in divisions the Totalisator is opened once only, first and second place in each division.
5. If in any pool the dividend is to be paid on the first horse only, then (1) The whole of the amount available shall be divided among the investors on the horse or horses placed first. (2) If no ticket shall be taken on the horse or horses placed first the next placed horse on which tickets have been taken being not further back than third shall be deemed for dividend computing purposes to be the first horse.
6. If any Club shall operate more than one pool the following conditions shall apply: (1) Investments shall be received separately for each pool. (2) All pools shall be closed simultaneously and (3) Each pool shall both as to investments on the several horses and the total investments be kept separate and distinct.
7. If in respect of any pool there shall be no horses in respect of which a dividend computed in accordance with these Regulations, can be paid, or unless the race is to be trotted again, if the race shall be declared void, the amount paid for each ticket, less the amount required or permitted by law to be deducted therefrom, shall be refunded.
