#### POINTS SYSTEM:

The Championship will be conducted on the points system which shall be awarded as follows—

Points shall be awarded to each horse actually starting and finishing a race of a Qualifying Division on the basis that the winner of a Qualifying Division will receive in points the equivalent of the number of horses previously selected by the Committee as the maximum number of horses to compete in each Qualifying Division.

The second horse in each Qualifying Division will receive the next lower number in points and the third horse will receive the next lower number with each horse finishing thereafter receiving in order one lower number in points that the preceding horse until the last horse finishing in a maximum field will receive ONE (1) point.

The winner of each Qualifying Division will receive ONE (1) BONUS POINT to be added to the points already earned for that race.

No points will be allocated for fastest time.

A horse that is scratched from a Qualifying Division or a horse that does not complete the race will not be allocated any points for that particular Qualifying Division.

In the event of a horse being scratched or not completing the course, points will be allocated as before with the winner and other horses finishing the race entitled to receive their maximum number of points as if a full field had competed and finished the course in that particular race.

#### GRAND FINAL:

The ten (10) horses gaining the greatest number of points in the Qualifying Divisions shall be eligible to compete in the Final of the INTER-DOMINION PACING CHAMPIONSHIP.

In the event of two or more horses each scoring equally the minimum number of points entitling them to be eligible for the Final and thereby producing a field exceeding the number designated by the Western Australian Trotting Association or producing a field exceeding the safety number for Gloucester Park then the Grand Council shall decide in its discretion which of the horses with equal points shall start in the Final.
