We are pleased to advise that the 2 year old Sweepstakes series is to go ahead this year.

The series had been in some doubt as cuts to feature race funding had resulted in the stakes falling progressively over the past couple of years.

After a number of discussions at the Harness Open industry forums and with Tasracing we have finally reached a position whereby these will be guaranteed minimum \$20,000 stakes for each division.

It is our hope that we can achieve a higher level than the \$20,000.

We have agreed that from now on we will operate in the same way that other Futurity races in harness and thoroughbreds do i.e. GST will be charged in addition to the nomination fee.

In the past the TPC has had to meet the GST from the \$200 fee.

We have also introduced an incentive to pay the fee in one lump sum payment by 28 September i.e. \$220 first and final payment including GST.

If you choose to pay in two instalments it will be two payments of \$120 each, a total of \$240.

If we get less than 80 nominations it has been agreed that the series would not be viable.

In the past we have had instances of people purchasing a horse between the first and second payment dates.

The Committee has endeavoured to address this by introducing a special payment for a horse genuinely purchased between 28 September and 7 December.

The cost would be \$330 including GST.

The purchaser must produce evidence of a genuine sale to the TPC Committee.

This does not apply to leased horses.

The TPC Committee hopes you can support us in our endeavours to get our two year old races back to the stake levels that will encourage people to breed horses as this has shown a very worrying decline in recent years.

A nomination form is enclosed if you require extra forms for yourself or others please contact us or pick them up on race days at the Race Day office.

Please note that up to five horses can be nominated on the one form.

Thank you in anticipation of your support for the series.
