## PAUL NOBES SPONSORS SWAN HILL TROTting

Swan Hill Trotting Club are delighted to have local businessman and former state cricketer Paul Nobes as their sponsor for next Tuesdays trots meeting. Paul takes an active interest in harness racing and currently has his mare Perfectly Written flying in South Australia where she has won her last two. He also races the ever consistent Mark Dennis a winner of 39 so far plus a further 50 placings and Keayang Squizzy a winner of four from just 14 starts among other horses. Apart from his business acumen where he is now the proprietor of Swan Hill Automotive Group, Paul was also an outstanding cricketer in both Victoria and South Australia. He was at one stage South's Australia Chairman of Selectors.

Swan Hill Trotting Club Manager Marnya Watson said "To have a sponsor with the connections and credentials of someone like Paul is fantastic for the club. Paul has an intricate knowledge of harness racing and that will only help our club" Marnya said.

Swan Hill Trotting Club are looking at another superb night of trotting on Tuesday night and are particularly keen to see how the track races given a new track record was set at its last meeting after heavy rain had fallen. The track has improved since then.

Marnya said "The trainers and drivers are extremely complementary with regard to our track as it provides not only safe racing but most certainly gives every horse a strong winning chance and affords them all the opportunity to run a very quick time.

"The club is delighted to have a wide cross section of racing at this meeting as we cater for 2 year olds, 3 year olds, trotters and we have the Swan Hill Ford Vic Bred Platinum Country Series N Final" said Marnya.
