Nominations and Award Presentations

- **Nominations will only be accepted from Members.** Nomination Forms will be circulated to all Members both regularly and approximately 4 to 6 weeks prior to Council Mid Season and Annual General Meetings.
- The Chairman and Executive have the power to nominate a person(s) should the circumstances dictate.
- Nomination Form(s) need to be completed with appropriate details and names of referees with whom Council's office can discuss the nomination. Based on the nomination form and referee information, a recommendation by the Chief Executive is made to the Executive provided adequate time is available to make appropriate enquiries.
- Council's awards are for **national recognition** and it is appropriate that the individual(s) should also have been honoured at the State level by the State jurisdictions. The national award, in many cases, should be considered as "following on" rather than substituting/replacing a State award. However, it is recognised that some jurisdictions do not have a formal Award Recognition Program.

- Consideration is given by the HRA Executive prior to the Council Meetings as to the acceptance of the nomination and the determination of its grading against the Awards criteria. It should be noted that **not** all nominations are granted national awards.
- Accepted nominations are presented at Council's Meetings for ratification and discussion by Member Accredited Representatives and the awards determined.
- These are **National Awards** and it has been Council's practice to initially advise award recipients by phone within forty eight (48) hours of Council's announcement. Such notification by phone will also include acknowledgement of the nominating Member. In addition, a letter of congratulations is also forwarded by Council advising the recipient(s) that a plaque(s) will be presented by Council's Member(s) from the nominating State at an appropriate future time and function.
- Council organises manufacture of the plaque(s) and these are then sent to the nominating Member to arrange presentation. Often, if an appropriate function is not available our Principal Club Members have assisted by arranging an opportunity for this presentation to be accomplished. It is expected that this occurs within a reasonable time.
- Where Council requests encouragement of a **particular group(s)** then Council covers the cost of the national recognition award(s). In addition, Council utilises this system for the presentation of its Horse Performance, Breeding and Joseph Coulter Media recognition awards during each Season.
